UNLIMITED FREE WI-FI NOW AVAILABLE AT MKE

MILWAUKEE – Milwaukee County Executive Chris Abele is proud to announce that unlimited free Wi-Fi is now available at Milwaukee Mitchell International Airport (MKE). Previously, free Wi-Fi was limited to one hour.

"Unlimited free Wi-Fi has been one of the most-requested passenger amenities at MKE," County Executive Abele said. "It's exciting to roll out unlimited free Wi-Fi just in time for the busy holiday travel season at MKE."

To use the new service, travelers should simply select "MKE Free WiFi" in the wireless settings on their laptop or mobile device. The unlimited free Wi-Fi is available throughout the entire airport terminal, including the Concession Mall, Ticketing, Baggage Claim, Concourse C and Concourse D.

"As travelers fly out to one of our 45 nonstop destinations, they will be very pleased to see this enhanced free service," Airport Director Brian Dranzik said. "TSA recommends that travelers arrive at the airport two hours before their departure time. Unlimited free Wi-Fi will make it even easier to complete work or enjoy some down time on social media before flying out from MKE."

The Wi-Fi is provided by Boingo. Passengers will still have the opportunity to purchase Wi-Fi if higher bandwidth is necessary.

MKE offers nonstop flights to 45 destinations coast-to-coast, and 160 international destinations are available from Milwaukee with just one connection. MKE is also served by Air Canada, Alaska, Allegiant, American, Apple/Funjet, Delta, Frontier, Southwest, United, and Volaris. The complete list of nonstop cities can be found at www.flymke.com.

General Mitchell International Airport is owned by Milwaukee County and operated by the Department of Transportation, Airport Division, under the policy direction of the Milwaukee County Executive and the County Board of Supervisors. The airport is entirely funded by user fees; no property tax dollars are used for the airport's capital improvements or for its day-to-day operation.
