*Airline to offer only nonstop service in two key short haul markets*

**MILWAUKEE (July 28, 2021)** – Contour Airlines has announced that it will begin nonstop service from Milwaukee Mitchell International Airport (MKE) to both **Indianapolis International Airport (IND)** and **Pittsburgh International Airport (PIT)** on October 12, 2021.

Service from Milwaukee Mitchell International Airport (MKE) to Indianapolis International Airport will operate daily, while service to Pittsburgh International Airport will operate daily except Saturdays. Tickets are available for purchase now at [contourairlines.com](http://contourairlines.com) and all major travel websites. Introductory fares begin at just \$99 each way.

“Indianapolis and Pittsburgh are both strategically important business destinations to the Milwaukee community. As business travel resumes, we know that travelers will appreciate the speed, comfort, and convenience of nonstop service,” said Matt Chaifetz, Chief Executive Officer of Contour.

Passengers aboard Contour’s Embraer jets enjoy comfortable all-leather seating with expanded legroom, complimentary snacks and beverages, and a free checked bag included with Standard and Flexible fares. Seat pitch throughout the aircraft is a minimum of 36”, which is on par with the domestic first-class offerings of major carriers.

“Low fares, a comfortable in-flight experience, and new service to two currently unserved markets...it’s the perfect combination that will make Contour’s new flights wildly successful at MKE,” Airport Director Brian Dranzik said. “This is simply a fantastic new airline announcement for Milwaukee and gives all of us more reasons to choose our hometown airport.”
