MILWAUKEE (May 23, 2023) – Sun Country Airlines is planning a major expansion of its flight schedule from Milwaukee Mitchell International Airport (MKE) to warm weather destinations late this year.

Highlights from the airline’s winter 2023/2024 Milwaukee schedule include:

- Near-daily nonstop service from Milwaukee to **Fort Myers, Florida**
- Multiple flights per week to both **Orlando, Florida** and **Phoenix, Arizona**.

The winter schedule runs from mid-December 2023 through early April 2024 and is available for booking now at [suncountry.com](https://www.suncountry.com). Travelers are encouraged to book their tickets now to lock in the best deal.

“Mexico, Florida, and Arizona are the most popular winter destinations for Milwaukee-based travelers, and we’re pleased Sun Country is providing additional low-fare options to these family-friendly warm weather destinations,” Airport Director Brian Dranzik said. “It’s great to see that Sun Country is increasing its Cancun service to daily, which will give more travelers the opportunity to hit the beach with just one easy flight from MKE.”

This summer, Sun Country is offering weekend flights between Milwaukee and **Minneapolis-St. Paul** with fares as low as \$49 each way. These flights run through Labor Day weekend. Sun Country is also offering weekend service to/from **Las Vegas** through November.

“We appreciate how well customers in Wisconsin have supported our new and expanded services,” said Grant Whitney, Senior Vice President and Chief Revenue Officer at Sun Country Airlines. “With this growth in Milwaukee, Sun Country looks

forward to offering service to popular destinations where leisure travelers want to go, when they want to go.”

All Sun Country flights are operated with full-size 737-800 aircraft, with 186 seats featuring full-size tray tables, comfortable recline, in-seat USB power ports, and free entertainment streamed to your personal device.
